## Autumn 2 2022

Dear Parents and carers,

I would like to thank you and your children for a positive start to the school year during Autumn 1. After a great first half-term, we are excited for what Autumn 2 brings.

### **Our curriculum**

This term in History, we will be developing our understanding of how the Vikings helped shape modern day Britain. In Science, we will be learning about Evolution and Inheritance, answering the question, 'Have we always looked like this?'

In English, we will begin by working on developing our poetry writing skills, focusing on a longer poem linked to our science topic of evolution. We will then look at the style of letter writing in order to produce our own versions. In grammar work the children will focus on developing a better understanding of different word classes and transferring this knowledge to their own writing.

We will be moving onto the novel 'The tale of Truthwater Lake'. We will be working our way through the book carrying out activities to develop our understanding and build our vocabulary. In addition to this book we will be practicing our comprehension skills using a range of fiction and non-fiction extracts.

In maths this half term, we will be focussing on deepening our understanding of fractions (including using the four operations with fractions and looking at simplifying fractions), as well as developing our understanding of suitable mental and written methods for addition, subtraction, multiplication and division.

### **How can you help at home?**

It is important that parents and carers support at home by reading with your child and recording this in their home reading records. At times, children may read to themselves but continue to talk to them about what they have read.

Homework will continue to be set each week through the Times Tables Rockstars and Spelling Shed websites. Children are expected to complete three sessions of Spelling Shed each week and fifteen minutes times table practice.

If you have any questions please speak to your child's teacher at the end of the day or contact us through Class Dojo.
